

LED

AQUAS 6 BY FORUM

The **AQUAS 6** series by FORUM is a line of extruded aluminum rectilinear luminaires approved for wet location, allowing for design consistency throughout wet and dry locations. The 6 is a 6" wide housing with a 5 1/2" aperture. Multiple mounting configurations are available including rigid stem, surface as well as wall mounted. **AQUAS 6** can be lamped with LED.

SPECIFICATIONS

LISTING All fixtures bare an AFL-CIO/IBEW union label and are UL listed for wall and mounting and wet location rated.

DRIVER 120V, 277V, and Universal Voltage available standard. Five year warranty. Please consult factory for special driver requirements.

SHIELDING Satin, clear frosted, and white opal lenses are snap in.

MOUNTING The Aquas 6 fixture can be mounted in various orientations including wall mount, stem mount, and surface mount. Please see supplemental documentation for mounting details.

HOUSING Consists of a single solid 6063-T5 extruded alloy profile. Built in individual pieces up to 8 ft in length. Individual fixtures cannot be joined in field to form continuous runs. Fixtures longer than 8 ft must be ordered as continuous runs.

GEARTRAY / REFLECTOR Integrated geartray and reflector made from .040" aluminum in a pre-paint white finish. Fully wired unit remains completely accessible from below via ballast panel.

END FITTING Applied end fitting is a standard .375" machined aluminum piece with concealed fasteners.

LED SYSTEM Forum utilizes a tunable LED system capable of supplying between 490-1710 lumens per foot. To specify specific lumen output other than standard 950 or 650, drop the last digit of the per foot lumen output desired, i.e. 400lm/ft. = 40LED35
