MINI FORECAST SERIES

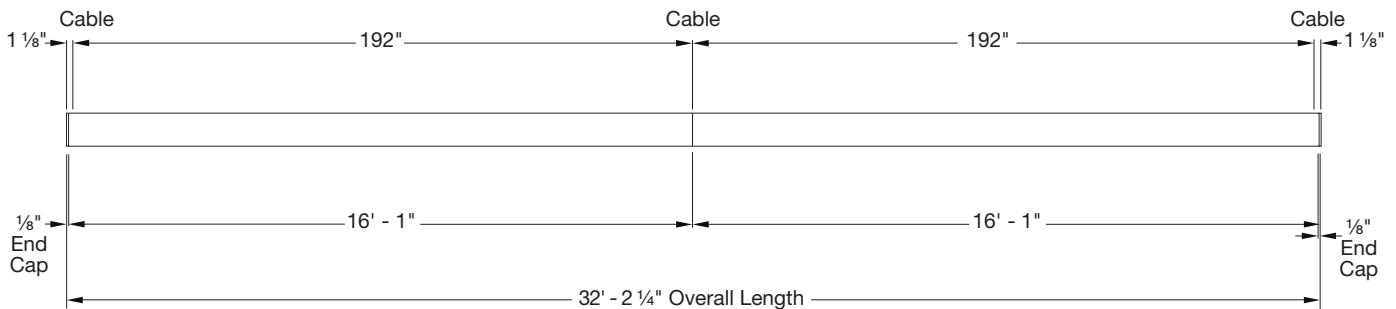

2" X 2"

MOUNTINGS / ACCESSORIES

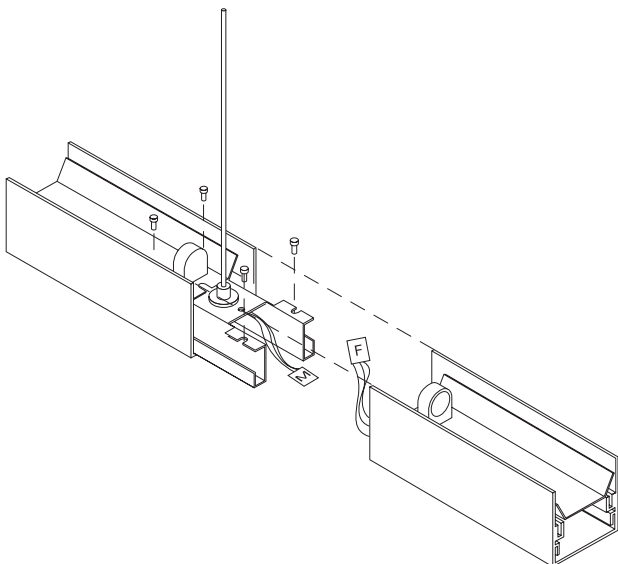

Individual Fixtures

Typical Run

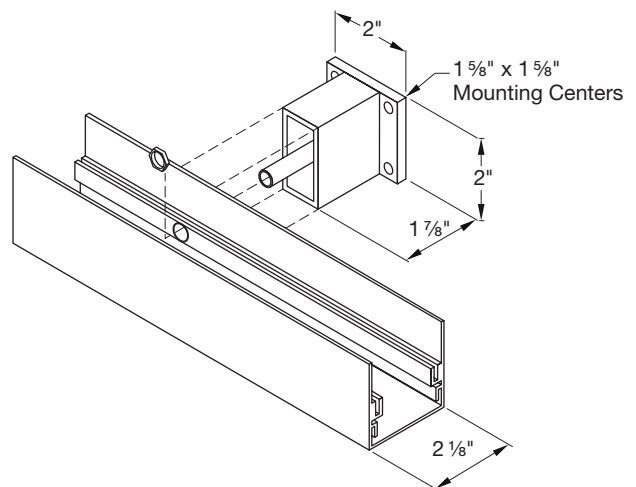

Joining Two Fixtures

Fixture Length: Continuous fixture sections of up to 16 feet can be provided for ease of installation and aesthetics. Fixture sections can be joined together resulting in a hair-line seam and uninterrupted light of any desired length.

Wall Brackets

Bracket: An optional wall-mounting bracket is available which cantilevers the fixture 4.00" off the wall. All mounting brackets are pre-drilled for ease of mounting. The power feed bracket is sized to cover a 4" octagon box and is manufactured to allow power feed wiring. Wall brackets are painted to match fixture.
