## Warranties

1. Forum, Inc. warranties for one year from the invoice date that all fixtures purchased will be free of defective materials or workmanship. If it is determined that a defect observed or reported is due to defective materials or workmanship, Forum, Inc. will repair or replace, at our sole option, those items found to be defective. We reserve the right to determine the best method for correcting these defects.
2. Forum, Inc. will not reimburse any labor charges associated with such defects without prior written approval from Forum, Inc.
3. Ballasts and transformers supplied as original equipment components, carry the warranty of the manufacturer of these components. The ballast, lamp, and transformer manufacturers will service any of these components that are still under warranty. Forum, Inc.'s warrantee is subordinate to all component manufacturers' warranties.
4. Forum, Inc. does not warrantee lamps.
5. The warranty described herein is in lieu of any other warranty, expressed or implied. Liabilities under this warranty are limited to repair or replacement and the purchaser agrees that no other remedy shall be available to the purchaser.
6. Claims for shortages and/or errors must be made in writing within 10 days of delivery.
7. The above warranty is considered null and void if it is determined that the fixture was damaged, modified, misused, or connected to a supply voltage other than recommended voltage.
8. The purchaser shall pay any and all reasonable fees, without limitation, incurred by Forum, Inc. in enforcing the terms of its agreement of sale.

## Ballasts

Standard ballast manufacturer's guarantee is extended to any ballast failing within the guarantee period for causes due to faulty manufacture, provided conditions of operation are normal. We are not responsible for any installation or replacement expenses.
